### *Strophe 1:*

*E / fism / D / H / A / H*

*E / fism / D / H*

*Working like a dog, feeling like being trapped in a fog  
Chrampsch mer eine ab, plichte haute mi uf trab  
Stand here alone, my heart feels like a stone  
Schtah alleini da, cha sorgä nid la ga  
What am I searching for, do i have hope for sure  
Was sueche ni de ächt, i mine länge nächt  
Whom do I want to prove, that I can show the best move  
Wotti aune zeige, das i würklech öpper bi*

### *Refrain:*

*I'm crying out to you, please help me be true  
Drum schreie ni zu dir, bitte hiuf du mir  
I want to bear in mind, life's passing, there's more to find  
I wott mir bewusst sy, z'läbe isch o eys verbi  
O god open my own eyes, to see truth instead of lies  
O gott zeig du di mir, das i meh verschtah vo dir  
Our days are ending here, don't want to chase the wind in fear  
Uesi tage hei es änd, wienes jage nachem wind*

### *Strophe 2:*

*Was it really worth it all, when you hear heaven's call  
Was het würklech wärt, was blybt mir ir letschte schtung  
At the end of life, was it worth all the strife  
We mi chraft verlaht, het sech schträbe g'lohnt  
Was I truly being myself, whom am I trying to match  
Bini mi säuber gsi, isches de so viu wärt,  
Is it really worth it all, will i get what i'm trying to reach  
Gibi geng so viu, verfähle ni nid ziu*
